Dave & Kathy Elias, Alternative Missions, Cofradia, Mexico

Construction of the new church facility is going well. Thank you for your prayers and contributions. The cement roof over the educational wing has been poured. According to our calculations, approximately 123 tons of concrete was mixed and lifted 10 feet up in to the air, pail by pail to cover an area of 1,402 sq. ft. An additional praise item is that the 8 year old boy who was helping pass empty pails was unharmed after falling off the roof and landing bottom first into a plastic 45 gallon drum. Pastor Gregorio's wife, Matilde, was diagnosed with a tumor in her uterus. It has been removed and they are awaiting the lab results. Praise God the operation went without incident and the tumor was given to Pastor Gregorio to take to the lab for analysis. Our Cofradia pastor and his wife have asked for your prayers.

Anyone interested in sponsoring a child for a week at camp please contact the church office.
